GROUND RULES

- Please make sure you have signed in with your information.
- The Town and WMC Staff are here to listen.
- Participation is encouraged. We want to hear everyone.
- Please respect your fellow resident.
- No one dominates.
- Everyone will be given an opportunity to contribute.
WHY WE ARE HERE

- Your road is in poor condition and requires the Town to act for the safety of the travelling public.
- We are here to listen and I am here as part of the team to facilitate that.
- The Town wants to know specifics about your road that may not be apparent to us.
- The Town will seek funding to fix your road and request your support to obtain that funding.

PROJECT GOALS

- Design to Local Road Standards or Identify Design Exception Areas
- Limit horizontal geometry improvements
- Provide vertical geometry improvements where practical
- Provide uniform roadway width and cross slope
  - (Typical Roadway Section)
- Eliminate areas of standing water and reduce icing concerns
- Improve and replace drainage systems and correct deficiencies
- Identify potential Rights-of-Way impacts
- Maintenance and Protection of Traffic
  - Maintain Access at all times
  - Alternating One-Way Traffic
- Minimize Environmental impacts
- Incorporate and Address your concerns
- Complete project in a timely manner and within budget
PROJECT SCHEDULE

- Preliminary Engineering – (Current Phase)
- Preliminary Design (50%) – Mid March
- Permitting (Local IWWC) – March/April
- PUBLIC INFORMATION MEETING – APRIL 4TH (TENTATIVE)
- Final Design (90%) – Mid April
- Bidding – Anticipated April/May
- Start of Construction – Anticipated May/June
- Construction Duration – One Season (+/-6 months)
MOVING FORWARD

- Please take the time to fill out the questionnaire. Your comments and concerns are our biggest aid.
- This is a collaborative effort. We value your input.
