

# SPOTTING INVASIVE PLANTS ON OUR ROADSIDES #3

New Milford CT, 3/26/2021

## SURPRISE!

The first roadside shrubs with new green leaves are almost all invasives.

Who will win the race this spring?

⇐ Barberry?

Burning Bush? ⇐

⇐ Multiflora Rose?

Honeysuckle? ⇐

Or another invasive?

Send locations of early spring green to [knelson151@sbcglobal.net](mailto:knelson151@sbcglobal.net)

I'll identify some of them to include in upcoming "Spotting Invasive Plants"
