

On December 16, 2020 the Governor signed Executive Order 9R that provides relief from certain tax deadlines. The town will be offering the same relief as was done for the tax bills that were due July 1st ~ a 90 day deferral on tax bills that will become due January 1, 2021. Instead of having to pay by February 1, 2021 without interest, taxpayers will have until April 1, 2021 to pay without interest. On April 2, 2021 any current bills unpaid will be subject to 6% interest (1.5% interest per month from January-April).

- Per the State of Connecticut - Taxpayers whose taxes are escrowed and paid by a mortgage company or bank ***are not eligible*** for the extended grace period.
- No application is necessary for taxpayers if you are ***not a landlord*** and you ***do not have an escrow account*** – no further action is required.
