

Section 125-060 Procedures for Approval of Plan

1. The New Milford Zoning Commission shall either certify that the soil erosion and sediment control plan, as filed, complies with the requirements and objectives of the regulation or deny certification when the development proposal does not comply with these regulations. (*Effective: October 3, 1985*)
2. Nothing in these regulations shall be construed as extending the time limits for the approval of any application under Chapters 124, 124A or 126 of the General Statutes.
3. Prior to certification, any plan submitted to the municipality may be reviewed by the County Soil and Water Conservation District, which may make recommendations concerning such plan, provided that such review shall be completed within thirty (30) days of the receipt of such plan.
4. The Commission may forward a copy of the development proposal to the Conservation Commission or other review agency or consultant for review and comment.
