

Winter Storm Update- PARKING BAN - In speaking with our DPW Director Jack Healy a Snow Emergency/Parking ban will take effect Tuesday at 12:00am to Wednesday at 5pm (depending on the storm's conditions, we may lift the ban earlier on Weds) Please make sure that your cars are parked in your driveway or on your lawn with all 4 tires off the road. In the downtown area, please park in the municipal parking lots and not on the street. This will allow for more efficient snow plowing as this storm will have heavy, wet snow associated with it.
I will provide add'l information as we move closer to the storm
